With this educational opportunity comes responsibility. Inappropriate use of the District's technology resources may result in revocation or suspension of the privilege to use these resources, as well as other disciplinary or legal action, in accordance with the Student Code of Conduct and applicable laws.

Sunnyvale ISD Internet Safety Plan: Sunnyvale ISD controls students' access to inappropriate materials, as well as materials that are harmful to minors. SISD also makes every effort to ensure student safety and security when using District electronic communications including a) preventing unauthorized access, hacking and other unlawful activities, b) restricting unauthorized disclosure, use, and dissemination of personally identifiable information regarding students, and c) educating students about cyber bullying awareness and response, as well as appropriate online behavior.

The following guidelines apply to all District networks, e-mail accounts, devices connected to the District's networks, and all District-owned devices used on or off school property, whether connected to the District's network or connected through a personal data plan or other means of access.
